ASGT Collection

Common Issues

EXIT Collection

Purpose
The ASGT record is used to allow staff to obtain
- Identification numbers called State Student Identifiers (SSID) for new students, update "core" student data linked to a student's SSID, to track students as they move between schools in the State of Kansas also known as "claiming" a student, and to establish a student—building link that will allow a student to become available in other KSDE applications.

- May want to submit ASGTs on all students in order to best correct any possible errors ahead of ENRL
  - Grade level changes
  - Name changes
  - Address changes

EXIT Collection

Common Issues

EXIT Collection

Purpose
- Focuses on gathering exit information on students who have left a school for a variety of reasons (e.g., graduation, dropout, transfers/matriculation, etc.).

EXIT/Withdrawal Date
- Last day of membership
  - When a student's affiliation with a school ended, **not** when school submitted the EXIT record
  - Date the student graduated or a student with disabilities met district graduation requirements for a regular diploma.
  - The previous school year when a student does not return in the fall as expected Example:
    - Jane has pre-enrolled for sophomore classes for the 2017-2018 school year. School ended May 17, 2017.
    - You receive a records request from another school district for Jane on August 10, 2017.
    - May 17, 2017 is the Exit/Withdrawal Date.

KCAN Collection

Common Issues

KCAN Collection

KCAN
- Focuses on Board Objectives
- STCO no longer collected
- Effective for 17/18 School Year

Collected on Limited Populations:
- Migrant enrollment and course completion information
- CTE course outcomes for completed Pathways courses
- Course outcomes completed for Virtual 19 and over
- Course outcomes for completed high school courses receiving dual college credit
- CTE Certifications earned by students

Entry Dates

Common Issues

Entry Dates

D18: School Entry Date
D19: District Entry Date
D20: State Entry Date
- Required on ASGT
- Review Student History report for dates

School Entry Date
- Needs to be reset to match most recent school entry date
- For example: Student enrolls in August and EXITS in December. Student returns to your school in March. Your KIDS record should reflect the most recent school entry date which is in MARCH.
- Many SIS systems retain the original building and district entry dates and must be manually re-entered to reflect the most recent entry dates.
