Field Number	Excel Column	Field Name	ENRL
R		Required = Must contain a valid non-blank value	
R*		Required = Must contain a valid non-blank value, including zero	
X		Required = Must contain a valid non-blank value or must be blank; blanks will be considered a null value.	
O		Optional = Must contain a valid non-blank value or must be blank; blanks will be considered no response. Field will be validated and stored if submitted.	
Fields not listed		Values submitted in these fields will not be validated or stored on the indicated Record Type.	
E		Must be blank	

Optional fields are validated and stored if submitted. All other data fields that are neither required nor optional for ENRL may be left blank. If there are values in data fields that are neither required nor optional, then that data is not validated and not stored. The exception to this is EXIT data (Exit/Withdrawal Date, Exit/Withdrawal Type, and Post-Graduation Plans); exit data fields MUST be blank on ENRL records or an error will be generated.

KIDS Reports

Reports are provided in the KIDS Collection System for verification and research of submitted data. As principals review PBR reports and superintendents review SO66 reports, they will be directed to research values based on KIDS ENRL submissions. Principals will find that many filters are available in the PBR Enrollment report in KIDS. Superintendents will find that there are reports in KIDS that are specific to sections of the SO66. Although data can also be shared by generating the appropriate KIDS Reports, KIDS users can share detailed data with the principals, superintendents and program staff by encouraging them to register for Read-Only access to the KIDS Collection System. Read-Only access is recommended, since reports are dynamic and may change if additional ENRL records are submitted to KIDS after the report was generated.

The detailed descriptions of each report available in the KIDS Collection System may be found on the KIDS project website <http://kidsweb.ksde.org/> under the "Report Descriptions" tab or by visiting this website: <http://kidsweb.ksde.org/Report-Descriptions>. The following reports are particularly important to ENRL submissions:

Standard Reports:

- ☐ Accepted Record by Batch
- ☐ Accepted Records by Type—ENRL
- ☐ Homeless Student

PBR Reports:

- ☐ PBR Enrollment
- ☐ Student in Multiple Schools

SO66 Reports:

- ☐ Juvenile Detention Center Students
- ☐ Out of State Students
- ☐ SO66 Non-Resident Students
- ☐ SO66 Transported Students

ENRL Notes/Recommendations

The list of recommendations, notes, and submission tips below apply to the ENRL record. In working with the KIDS Collection System, many circumstances apply only to the record you are submitting. How each data element is reported may differ for other submissions from the recommendations appearing below.

Building Codes: For ENRL submissions, if “0001” or “0002” is entered as the Accountability School, then the Funding School must contain a valid School ID number or district central office of the submitting district.

School Entry Date: School Entry Date should be based on the date the student entered the Funding School.

September 20th Rule: A student must be enrolled and attending on September 21. If absent on September 21 then the student must have attended once before September 21 and once after September 21 but on or before October 5. If September 20 falls on a non-school day, use the first school day after September 20.

- ☐ Foreign exchange students cannot be included in the count for state-aid funding unless they will be enrolled for at least one semester or two quarters. If the foreign exchange student does **not** meet that requirement, please enter zero as the number of minutes the student is enrolled on September 21.
- ☐ In order to be counted, virtual students 18 and under (on September 20) virtual education students must be enrolled on September 21 and attend one day on or before September 20 and one day on or after September 21, but on or before October 5.
- ☐ Virtual students 19 and over (on September 20) will be funded on credits earned and do not have to meet attendance requirements.
- ☐ In order to be counted, alternative school and program (where attendance is not mandatory) students must be enrolled on September 21 and attend one day on or before September 20 and one day on or after September 21, but on or before October 5.

Students Reported by Multiple Buildings: Please see the “[Enrollment Handbook 2015-2016 School Year](#)” for guidance on reporting students attending multiple buildings. Pay close attention to the changes for virtual students 18 and under attending multiple buildings.

If multiple schools erroneously submit ENRL records for the same student, each school will have that student listed on its PBR. Schools and districts can run the “Student in Multiple Schools Discrepancy” report to identify their students submitted by another school or district. Auditors will be given a report of students that appear on multiple PBRs so that they can determine which school should report the student for funding.

Updating Core Student Data: KSDE recommends submitting ASGT records **before** submitting ENRL records to update core student data and to increase processing time on ENRL uploads. If a student’s ENRL record is submitted to KIDS by the Accountability School and the grade level and school year have not been previously updated in KIDS, then the accountability school will be required to update the student’s core data and

resolve any near matches before the record is accepted. Only the Accountability School can modify core student data for records that contain a State Student Identifier (SSID). If a student's ENRL record is submitted to KIDS by the Funding School and the grade level and school year have not been previously updated in KIDS, the Funding School will not be permitted to update the student's core data; however, the record will be accepted as long as the SSID matches a valid ID in the KIDS System.

Students without SSIDs: If a student's ENRL record is submitted to KIDS by the Accountability School or the Funding School, and an SSID is not included in the student record, the submitter will be required to obtain an SSID for the student through the Manage Core Data process before the record is accepted. This SSID should then be added to the school's local student information system for subsequent KIDS submissions. For additional information about processing records for students without SSIDs, please refer to the KIDS 2015-2016 User's Guide.

Juvenile Detention Centers and Psychiatric Residential Treatment Facilities: Any student attending a Juvenile Detention Center that is reported by your district will need to be submitted as part of the KIDS ENRL records in order to populate a screen on the Superintendent's Organizational Report (SO66) dedicated to these centers/facilities. Such centers/facilities should be submitted with:

- ☐ Accountability School as the district's central office,
- ☐ Funding School of "0003,"
- ☐ Attendance School as the building number of the Juvenile Detention Center or Psychiatric Residential Treatment Facility where the student is attending.

Removing students appearing on the PBR/SO66: In order to remove a student submitted on an ENRL record from a PBR/SO66, a new ENRL record for that student must be submitted that includes the same Funding School as the original ENRL record and also has a value of "0" in the Minutes Enrolled field. Sending an EXIT record will not remove a student from the PBR/SO66 if he/she was previously submitted on an ENRL record with Minutes Enrolled greater than 17.

Transportation Address and City for Virtual Education Students: If a student is marked as a Virtual Education Student, then the Student's Transportation Street Address and Student's Transportation City fields must contain information for that virtual student. Students should only be marked as virtual education students if the submitter is the school or district providing the virtual education services or is the school or district contracting with an approved program to provide the virtual education services via a service center. For additional information on which students should be counted as virtual education students, refer to the Guidelines for Reporting Virtual Education Students in KIDS document.

Changes in Virtual Students Reporting: Based on the changes to the funding of students attending an approved virtual school or program (reported in D17: Virtual Education Student), funding will now be differentiated into three different categories: Full-Time Virtual Students 18 and Under, Part-Time Virtual Students 18 and Under and Virtual Students 19 and Over. The student's age will be determined as of September 20, 2015. Funding for virtual students 18 and under will be calculated from ENRL records.

- If a virtual student 18 and under is enrolled at both a traditional building and a

virtual school/program within the same district, two ENRL records must be submitted for the student to provide the correct funding. The virtual school/program will be limited to the number of minutes remaining after the traditional school's minutes are subtracted from 360.

- Funding for virtual students 19 and over will be based on credits earned between July 1, 2015 and June 30, 2016. Virtual students 19 and over will still need to have an ENRL record submitted to include those students in headcount data reported for your district. Virtual students 19 and over who are enrolled on or before September 20th (end of the first count window) should have an ENRL record submitted with 360 minutes, regardless of the actual number of minutes they are in attendance during that period.
- Review the reporting situations at the end of this document for further explanation. Refer to the Guidelines for Reporting Virtual Education Students in KIDS document.

Concurrent High School Enrollment: A district that has a student attending any Kansas Board of Regents approved and funded CTE course at a technical college or community college will report a value of "1" in the High School Enrollment field.

Eligibility for National School Lunch Program: Community Eligibility Provision (CEP) schools will need to make sure to report students that are **eligible** for free or reduced lunch based on Direct Certification or State At-Risk funding based on the State At-Risk application. The State At-Risk application will be verified during the auditing process. Non-CEP schools do not need to change the way this data has been reported. CEP schools should NOT report 100% in this field based on CEP. This field collects a student's eligibility, not how a student pays for lunch.

Career and Technical Education Contact Minutes: Report the number of minutes a student received instruction in an approved for funding CTE course or State approved course on September 21. Note: the time spent in any approved CTE courses through a post-secondary institution should not be counted toward the minutes reported in this field. The funding for CTE courses that are concurrent enrollment, as reported in the Concurrent High School Enrollment field will not be included in the funding calculations at KSDE.

Miles Transported: Report Miles Transported for all students transported at the district's expense. Schools and districts should report Miles Transported for their students, even if they are transported under 2.5 miles or transported from outside the district. If a student has 2.5 miles or greater reported in the Miles Transported field, then the Student's Transportation Street Address and Student's Transportation City must contain information for that transported student.

- ☐ A seat or an alternate mode of transportation must be provided for each student counted on the transportation list. This would apply to Miles Transported and Transportation FTE. Students do not have to actually ride the bus, but should they choose to do so a seat must be made available.
- ☐ Students, enrolled in both a public school and private school, are counted for the same FTE on the bus transportation report as their enrollment is counted in the public school.
- ☐ Kindergarten students are counted as 1.0 FTE on the transportation list if transportation is provided to and from the attendance center at the district's

- expense, or if the district provides reimbursement to parents.
- ☐ Pupils transported one way by special education transportation on September 21 and one way on regular route transportation can be claimed on regular route transportation as a 0.5 FTE and can be claimed on the special education transportation Form 308 for the cost of the other half of the trip. However, the actual costs must be kept for the other half of the trip.
- ☐ Do not include transportation of students to and from a technical school or community college.

Non-resident Transportation: The parent or legal guardian of any pupil who lives 2.5 or more miles from the attendance center the pupil would attend in the resident school district may apply to the board of education of a receiving school district for authority for such pupil to be furnished or provided transportation to school from the pupil's residence and from school to the pupil's residence by the receiving school district.

Child of Military Family: An indicator of whether or not student has a parent who is on active duty in the U.S. military. This data are required for federal reporting.

Shared Student: There are multiple situations where schools share a student.

****New for 2015-2016 school year—there are situations where multiple schools will be required to send ENRL records to KSDE.**

Please review the scenarios below when working on ENRL data.

1. When a public school receives funding for providing special education services to a private school's student, both the public and the private schools send ENRL records. Both schools should show the public school building number in the Funding School field.

ENRL Record for Public School: (1111)	ENRL Record for Private School: (2222)
<input type="checkbox"/> Accountability School: 2222 <input type="checkbox"/> Funding School: 1111 <input type="checkbox"/> Attendance School: 1111	<input type="checkbox"/> Accountability School: 2222 <input type="checkbox"/> Funding School: 1111 <input type="checkbox"/> Attendance School: 2222

2. When a brick and mortar building and virtual school or program in two different districts both provides education to a virtual student 18 and under, both submit ENRL records to KIDS. The amount of funding the virtual school receives depends on the number of minutes enrolled at each. The Accountability School will depend on the number of core content courses the student is enrolled in at each building.

ENRL Record for Brick and Mortar School: (1111) (no core content courses)	ENRL Record for Virtual School: (2222) (all core content courses)
<input type="checkbox"/> Accountability School: 2222 <input type="checkbox"/> Funding School: 1111 <input type="checkbox"/> Attendance School: 1111 <input type="checkbox"/> Minutes Enrolled: 60	<input type="checkbox"/> Accountability School: 2222 <input type="checkbox"/> Funding School: 2222 <input type="checkbox"/> Attendance School: 2222 <input type="checkbox"/> Minutes Enrolled: 360

3. When a brick and mortar building and virtual school or program in two different districts both provides education to a virtual student 18 and under, both submit ENRL records to KIDS. The amount of funding the virtual school receives depends on the number of minutes enrolled at each. The Accountability School will depend on the number of core content courses the student is enrolled in at each building.

4. When two brick and mortar buildings in different districts both provide education to a student, both submit ENRL records to KIDS. The Accountability School will depend on the number of core content courses the student is enrolled in at each building.

ENRL Record for Brick and Mortar School: (1111) (3 core content courses)	ENRL Record for Brick and Mortar School: (2222) (1 core content course)

5. When a brick and mortar building and virtual program in the same district both provide education to a virtual student 18 and under and they both use the same building number, both submit ENRL records to KIDS. The virtual program must submit the ENRL Record with the district office as the Funding School. The amount of funding the virtual program receives depends on the number of minutes enrolled at each. The Accountability School will depend on the number of core content courses the student is enrolled in at each building.

Accredited Private Schools: Accredited private schools should submit ENRL records according to the guidance outlined above. Private schools must submit ENRL records in order to build their PBR for accreditation.
