## Guidance

The list of recommendations, notes, and submission tips below apply to the SMSC record. In working with the KIDS System, many circumstances apply only to the record you are submitting. How each data element is reported may differ for other submissions from the recommendations appearing below:

### Building Codes:

For SMSC submissions, if '0001' or '0002' is entered as the Accountability School, then the Funding School must contain a valid school ID number or district central office of the submitting district.

### Days in Membership and Days in Attendance:

Days in Membership and Days in Attendance are critical fields for districts seeking REAP funding because eligibility for the REAP funding depends on the values in those fields. The data in those fields should reflect the attendance and membership information from the first day of school through December 1, 2023.

If a student attends, exits, and then re-enrolls, the values in those fields should represent the total number of Days in Membership and Days in Attendance. Carefully review the Cumulative Days in Membership and Attendance data for reasonableness (i.e., 180 days in attendance is not reasonable for August-December data).

### K-12 Kansas At-Risk Program Participation:

Identifies students K-12 who may be at-risk by meeting one or more of the designated risk factors. These eligibility requirements for the K-12 Kansas At-Risk Program should also be reported in the appropriate KIDS field:

- Child experiencing homelessness reported in D38: Residence of Homeless Student while Homeless
- Identified as an English Learner reported in D43: ESOL/Bilingual Program Participation Code

For additional information on the K-12 Kansas At-Risk Program please visit Kansas At-Risk Pupil Assistance Program ([ksde.org](https://ksde.org)). The information provided for this field is not used to generate funding and should match with the number of students reported in the LCP Annual Report as being served with at-risk funds.

A student cannot be both a K-12 Kansas At-Risk Program Participation student and a Virtual Education Student.

Note: This field can be also used for Pre-K students.

**Preschool-Aged At-Risk Program Participation:**

Identifies Pre-K students who may be at-risk by meeting one or more of the designated risk factors.

Allowable values:

- 0 = No, does not meet any of the above at-risk student criteria.
- 1 = Yes, meets one or more of the above at-risk student criteria.

These eligibility requirements for the Preschool-Aged At-Risk Program should also be reported in the appropriate KIDS field:

- Poverty reported in D34: Eligibility for National School Lunch Program and or At-Risk Funding
- Limited English Proficiency reported in D43: ESOL/Bilingual Program Participation Code
- Child experiencing homelessness reported in D38: Residence of Homeless Student while Homeless

For additional information on the Preschool-Aged At-Risk Program please visit

<https://www.ksde.org/Portals/0/Early%20Childhood/grants/Program%20Requirements%2023-24%20Preschool%20Aged%20At%20Risk.pdf?ver=2023-01-06-101932-270>

The information provided for this field will be used to identify students eligible to be enrolled and generate funding for the Preschool-Aged At-Risk Program. Documentation for the criterion met for each child will need to be available for auditors.

**REAP Funding:**

The Rural Education Achievement Program (REAP) funding is based on the Average Daily Attendance (ADA) data that is collected in the SMSC collection. The REAP funding includes the Rural Low-Income School grants and the Small Rural Schools grants. Districts that have a CCD locale code of 32, 33, 41, 42, or 43 may be eligible for a REAP grant and should submit all students to the SMSC collection. Districts (not individual schools) are eligible for REAP funding.

**School Entry Date:**

Based on the date the student entered the Funding School.

**Shared Student:**

There are multiple situations when schools share a student. Please review the scenarios below when working on SMSC data:

**Students Leaving before December 1:**

Remember that all students enrolled at any time between the first day of school through December 1, 2023 should be submitted on SMSC records. If a student exits school between the first day of school and December 1, he/she should be submitted for SMSC (the Cumulative Days in Attendance

and Cumulative Days in Membership should only reflect the time the student was enrolled in the submitting school).

**Guidance - Scenarios**

**Scenario One:**

When a public school receives funding for providing special education services to a private school student, the public school will include the student in SMSC reporting. Attendance and membership should be based on the time spent at the funding school for services. Students served at a learning center, via virtual education, or by any other means where state funding is not received and/or attendance data is not provided should not be included in the SMSC collection for REAP calculations.

**Scenario Two:**

Multiple funding schools may need to report attendance information for the same student for SMSC (if that student has moved between the beginning of school and December 1). For example, if “John Smith” attended School A from 8/11/23-11/3/23 and then transferred to school B, then both schools would need to report this student for SMSC. Both schools would include the appropriate days in the Cumulative Days in Membership and the Cumulative Days in Attendance fields for their schools.

**Scenario Three:**

Multiple funding schools may need to report attendance information for the same student for SMSC (if two schools both receive funding, then both schools would need to report this student for SMSC). Both schools would include the appropriate days in the Cumulative Days in Membership and the Cumulative Days in Attendance fields for their schools.

## Reports

Reports are provided in the KIDS Collection System for verification and research of submitted data. Although data can also be shared by generating the appropriate KIDS reports, KIDS users can share detailed data with the principals, superintendents and program staff by encouraging them to register for Read-Only access to the KIDS Collection System. Read-Only access is recommended since reports are dynamic and may change if additional SMSC records are submitted to KIDS.

The detailed descriptions of each of the reports available in the KIDS Collection System are located on the [KIDS Project Report Descriptions website](#). The following reports are particularly important to SMSC submissions:

### **Attendance Reports:**

- SMSC Attendance Rate-Detail
- SMSC District Average Daily Attendance

### **Standard Reports:**

- Accepted Records by Type—SMSC
