

KIDS 2018-2019 Submission Details Document: EOYA

Introduction

This document contains information specific to the submission of EOYA records to the Kansas Individual Data on Students (KIDS) System for the End of Year Accountability Collection. The purpose of the EOYA Collection is to gather attendance, membership, truancy, and program participation data for all students who were in membership at the Accountability School at any point during the school year.

What's New?

- No changes for the 2018-2019 school year.

Submission Guidelines

Submission Window: May 13, 2019-June 29, 2019.

- Student data should be current as of the last day of school or the last day the student was in membership at that school.

EOYA records should be submitted in a timely manner so that the data used in other applications will be accurate.

Students to Submit

- Pre-K through adult.
- Both active and inactive—including those that exited before the end of the school year.
- If your school was considered the Accountability School at any point during the school year for the student.
- If you provided services to a student at any point during the school year, but you were not the Accountability School and no other school will be submitting EOYA records for that student. This would include homeschooled students, non-accredited private school students, or students whose accountability school is a school in another state.

Who Submits?

- Accountability School
- Attendance School if the Accountability School is '0001' or '0002'

If a student attended your school but another school is the Accountability School, communicate with the student's Accountability School to make sure the information is submitted correctly.

Accredited private schools should submit EOYA Records according to the guidance outlined in this document.

The Use of EOYA Submissions

- Calculation of school, district, and state attendance rate for accountability purposes and for calculating federal funding.
- As the basis of the yearly student population from which the 4-year and 5-year adjusted cohort graduation rates will be calculated.
- Subgroup determination for use in accountability reporting.
- To collect Title I Participation data.
- Chronic absenteeism data.

R = Required = Must contain a valid non-blank value.

R* = Required = Must contain a valid non-blank value, including zero.

X = Required = Must contain a valid non-blank value or must be blank; blanks will be considered a null value.

O = Optional = Must contain a valid non-blank value or must be blank; blanks will be considered no response. Field will be validated and stored, if submitted.

Optional fields are validated and stored, if submitted. All other data fields that are neither required nor optional for EOYA may be left blank. Values in data fields that are neither required nor optional for EOYA are not validated and will not be stored. The exception to this is EXIT data (Exit/Withdrawal Date, Exit/Withdrawal Type, and Post-Graduation Plans); exit data fields **MUST** be blank on EOYA records or an error will be generated.

KIDS Reports

Reports are provided in the KIDS Collection System for verification and research of submitted data. Although data can also be shared by generating the appropriate KIDS reports, KIDS users can share detailed data with the principals, superintendents and program staff by encouraging them to register for Read-Only access to the KIDS Collection System. Read-Only access is recommended, since reports are dynamic and may change if additional EOYA records are submitted to KIDS.

The detailed descriptions of each of the reports available in the KIDS Collection System may be found on the [KIDS Project Report Descriptions](#) website. The following reports are particularly important to EOYA submissions:

Standard Reports:

- Accepted Records by Type—EOYA
- Current Year Accountability Students
- Homeless Student
- EOYA Report

Attendance:

- Student Attendance Ratio Report
- Attendance Rate Report
- Average Daily Attendance
- Chronic Absenteeism

Data Quality:

- EOYA EXIT Assignment Comparison Report
- EOYA Prior Year Subgroup Comparison Report
- Current Year EOYA Submission Comparison Report
- Virtual Schools Comparison Report

EOYA Guidance

The list of recommendations, notes, and submission tips below apply to the EOYA record. In working with the KIDS System, many circumstances apply only to the record you are submitting. How each data element is reported may differ for other submissions from the recommendations appearing below:

Kansas Pre-K Pilot Program (KPP):

This information is collected to create awareness of students being served in early learning programs. This field will indicate if the student participates or participated in a district sponsored pre-K program, such as Head Start, a district childcare center, Peer Model/Mentor, or other program (NOTE: this should **not** include Parents as Teachers Program participants during this school year). This field is required for students in grades 00-04.

Kansas Parents as Teachers Program (KPAT):

This information is being collected to create awareness of students served in a specific family program. This field will indicate if the child's family participates or participated in a Parents as Teachers Program during this school year. This field is required for students in grades 00-04.

School Entry Date:

School Entry Date should be the date the student entered the Accountability School.

Special Circumstances for Accountability School Submitting EOYA Records:

If the Accountability School is '0001' or '0002', the Attendance School should submit EOYA records. Please use the date that the student began taking a class(es) at the attendance school if the Accountability School is a '0001' or '0002'.

Inactive Students:

Submitting records for students who have moved to another Accountability School will not result in the student being claimed back by your school.

Changes in Status:

There are several fields on the EOYA Collection that a student's status may change between the last day of school and June 30. Schools can choose to report the student's status as of June 30 or the last day of school.

- For example, if a student becomes qualified for a 504 plan during the summer school session, the student can be reported as a '1' = Currently a 504 qualified student in the Qualified for 504 field even though the student was not 504 qualified as of the last day of school. To see a complete list of these fields, refer to Appendix A at the end of this document.

Multiple Accountability Schools:

Multiple accountability schools may need to report attendance information for the same student on EOYA submissions (if a student has moved during the year). For example, if "John Smith" attended School A from 8/15/18-11/20/18 and then transferred to school B for the remainder of the year, both schools would report this student on EOYA. Both schools would include the appropriate days in membership and attendance for their respective schools.

Attendance and Membership:

Cumulative Days in Membership and Cumulative Days in Attendance should represent the total cumulative days in membership/attendance.

- A student is considered absent if he/she is not physically on school grounds and is not participating in instruction or instruction related activities at an off-grounds location as determined by the district's local policy. Any absence by a student for any reason, regardless of whether the absences are excused or unexcused (e.g. illness, suspension, parent permission), should not be included in the number of days attended.

Chronic Absenteeism:

KSDE will calculate chronic absenteeism based upon the data reported in EOYA records. Chronic absenteeism is calculated by dividing the Cumulative Days in Attendance by the Cumulative Number of Days in Membership. The data is reported in aggregate as part of federally mandated reports. Students included in federal reporting of chronic absenteeism are students who were absent 10%, or more, of the school days in which they were enrolled.

Truant Students:

This field is a yes/no field asking whether a student has been “truant” at any point during the year. “Truancy” is a violation of state, district, or school policy relating to attendance. The data in this field is used to populate the EOYA Report in KIDS. For more information regarding truancy, see State Statute 72-1113. Truancy is not the same as chronic absenteeism.

Virtual Education Students:

This field should indicate whether the student has been a virtual education student at the Accountability School/Program at any point during the current School/Program year. Students should be marked as virtual education students only if the submitter is the school/program or district that provided the virtual education services or contracted with an approved program to provide the virtual education services via a service center.

Eligibility for National School Lunch Program:

An indication of the student’s eligibility for free or reduced price lunch program. This eligibility is established through the Direct Certification process or the National School Lunch Program application. Approved Community Eligibility Provision (CEP) schools should NOT report 100% in this field. Rather, (CEP) schools should report only students that are **eligible** for free or reduced lunch based on a completed Household Economic Survey form for each student reported. Non-CEP schools do not need to change the way this data has been reported.

Qualified for 504:

Report in this field the students who are qualified for 504, not just the students who are currently on a 504 plan. By definition all students who have a primary disability should be coded in this field as ‘1’ = Currently a 504 Qualified Student in KIDS. Include all students that qualify for 504 Plan even if they do not have a written plan in place.

Title I Participation:

If a school is a Title I school wide building, they should report all students as receiving Title I services with a value of ‘1’ = Yes, is currently receiving Title I services in a Title I school wide in this field on EOYA records. If a school is a Title I Targeted Assistance building, report only the students who received Title I services. KSDE published a list of Title I Schools.

Academic Measures of Student Success (AMOSS):

Within this application, buildings and districts will be able to view and verify participation and graduation rates, as well as, assessment performance level by grade reports and the complete student test report. A correction window will be provided for buildings and districts once the application opens to allow districts the opportunity to correct any students who may or may not need to be included for accountability purposes.

Cohort for Federal Graduation Formula:

EOYA records for students with a Current Grade Level = ‘14’ (9th grade) will be used to construct a cohort for graduation. These cohorts, together with all transfers in and transfers out, will be used to calculate the federally required Adjusted Cohort Graduation Rates for all students and student subgroups. Because the adjusted cohort formula requires that a class be followed across several years, the records submitted this year will continue to be used in the cohort calculations in later years.

The Kansas State Department of Education does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the non-discrimination policies: KSDE General Counsel, Office of General Counsel, KSDE, Landon State Office Building, 900 SW Jackson, Suite 102, Topeka, KS 66612, (785) 296-3204.

Appendix A: EOYA Data Elements Reporting Snapshot Guidelines

On the EOYA Collection, most data elements should have the last day of membership reported; however, many data elements may include students whose status has changed at some point during the year or may change between the last day of the school year and June 30. Use the table below to assist you when preparing EOYA records.

		Report status as of the student's last day of membership for the school year	Report if student met definition at any time during the school year	If a student's status will change between the last day of school and June 30, schools can choose to report the student's status as of June 30.
