## MILT Collection

**For more in depth information please check out the Submission Details Document-MILT v13.00 on the KIDS website**

**Purpose:** This record type collects enrollment data for districts whose student population significantly increases after the September 20th (ENRL) funding count due to military movement. This data is used to include additional military dependent students in state funding calculations. Districts may submit all of the students who are enrolled and attending on February 20th, or only those students who meet the definition of ‘military dependent’ (Military Connected Student Indicator = 1) for state funding purposes.

- If the enrollment of “Military Dependent” students on February 20 (not enrolled on September 20) is 25 FTE or an FTE equal to or greater than 1% of the current year September 20 enrollment (excluding virtual students), the February 20 count will be added to the district’s enrollment.

## QUERY Collection

**For more in depth information please check out the Submission Details Document-QERY v15.00 on the KIDS website**

**Purpose:** This record type enables the school or district obtain data about specific students previously submitted to the KIDS Collection System. The QUERY record is an optional record type that is used to return the most recent information about a student. This may potentially be from a student's previous Accountability School. The amount of information returned from a QUERY record submission is dependent upon the submitting school's relationship to the student, and on the amount of information included in the QUERY submission. More data is returned if the student's current Accountability School submits the QUERY record.

# KIDS 2019-2020 Collection System File Specifications

## Submission Window

- Any time KIDS is available.
- QUERY records must be submitted in a batch file by themselves—they cannot be mixed in a KIDS batch file with other record types (such as ENRL, TEST, ASGT, etc.).

## Students to Submit

QUERY records may be submitted for any student in order to receive, via batch file, the most recent KIDS data submitted for a student.

- Any student.
- If you have claimed the student, the data returned to the user will be the most recent data submitted by your school.
- If the student was claimed by another school/district, the data returned will be the most recent data submitted by the student's current Accountability School.
- If the report is generated at the district level and both schools are within that district, the data returned will be that of the current Accountability School.

## Who Submits?

- Any school (Accountability, Funding, or Attendance, but not Educator School Identifier) may submit QUERY records.
- This is not a required submission.
- The type of data that is returned on a student will depend on whether the school submitting the QUERY record is the current Accountability School for that State Student ID (SSID) or not. More data elements are returned to the current Accountability School because the student will be included in their accountability calculations. FERPA regulations only allow the current school to have access to a student's data.

Additional Documentation for reporting data to the KIDS Collection System is posted on the KIDS website (kidsweb.ksde.org) on the Documents tab.

Term	Brief Description	Source 1	Source 2	Source 3	Source 4
<b>Accountability School Identifier</b>	The unique number that has been assigned to the school building by the state. In this case, it is the unique number of the school in which the student is included for accountability purposes: that is, measures such as average daily attendance and state assessment scores are assigned to this school when determining accountability.	<a href="#">KIDS Documents Page</a>	<a href="#">2019-2020 Guidelines for Determining KIDS Collection Building Identifier</a>		
<b>ASGT Collection</b>	The ASGT Collection is used to allow staff to obtain identification numbers called State Student Identifiers (SSID) for new students, update “core” student data linked to a student’s SSID, to track students as they move between schools in the State of Kansas also known as “claiming” a student, and to establish a student—building link that will allow a student to become available in other KSDE applications.	<a href="#">KIDS Documents Page</a>	<a href="#">Submission Details Document-ASGT</a>		
<b>Attendance School Identifier</b>	Identifier of the school or program in which the student is physically located and attends class, where the student takes State assessments, or the building number of the building associated with the program.	<a href="#">KIDS Documents Page</a>	<a href="#">2019-2020 Guidelines for Determining KIDS Collection Building Identifier</a>
