

KIDS 2018-2019 Submission Details Document: ENRL

Introduction

This document contains information specific to the submission of ENRL records to the Kansas Individual Data on Students (KIDS) Collection System for the funding and enrollment collection. The ENRL Collection focuses on gathering enrollment and program participation information on students.

What's New?

- No changes for the 2018-2019 school year.

Submission Guidelines

Submission Window: September 20, 2018 - October 11, 2018.

- Student data should be current as of September 20, 2018.
- ENRL records cannot be submitted outside of the submission window.

Students to Submit

- All pre-K through adult (including virtual students 19 and over)
- All active students (based on the September 20th rule for enrollment and attendance)

Who Submits?

- Public schools must submit ENRL records for all students for which they are the Funding School.
- Private schools must submit ENRL records for all students for which they are the Accountability School (attendance data from the 9/20 count are used for accreditation).

Accredited private schools should submit ENRL Records according to the guidance outlined in this document.

The Use of ENRL Submissions

- ENRL records with Minutes Enrolled greater than 17 (FTE 0.1 or greater) will be used to populate the school's Principal's Building Report (PBR) and the district's Superintendent's Organization Report (SO66).
- Data reported on ENRL submissions are evaluated by KSDE's fiscal auditors during the audit process.
- Federal reporting.
- National School Lunch Program (NSLP) eligibility verification.
- Evaluating possible or future funding formulas.
- KSDE K-12 and Building Report Card Reports.

X	Required = Must contain a valid non-blank value or must be blank; blanks will be considered a null value.		
O	Optional = Must contain a valid non-blank value or must be blank; blanks will be considered no response. Field will be validated and stored, if submitted.		

Optional fields are validated and stored, if submitted. All other data fields that are neither required nor optional for ENRL may be left blank. If there are values in data fields that are neither required nor optional, then that data are not validated and not stored. The exception to this is EXIT data (Exit/Withdrawal Date, Exit/Withdrawal Type, and Post-Graduation Plans); exit data fields MUST be blank on ENRL records or an error will occur.

KIDS Reports

Reports are provided in the KIDS Collection System for verification and research of submitted data. As principals review PBR reports and superintendents review SO66 reports, they will be directed to research values based on KIDS ENRL submissions. Principals will find that many filters are available in the PBR Enrollment report in KIDS. Superintendents will find that there are reports in KIDS that are specific to sections of the SO66. Although data can also be shared by generating the appropriate KIDS Reports, KIDS users can share detailed data with the principals, superintendents and program staff by encouraging them to register for Read-Only access to the KIDS Collection System. Read-Only access is recommended, since reports are dynamic and may change if additional ENRL records are submitted to KIDS after the report was generated.

The detailed descriptions of each report available in the KIDS Collection System are located on the [KIDS Project Report Descriptions](#) website. The following reports are particularly important to ENRL submissions:

Standard Reports:

- Accepted Record by Batch
- Accepted Records by Type—ENRL
- Homeless Student

PBR Reports:

- PBR Enrollment
- Student in Multiple Schools

SO66 Reports:

- Juvenile Detention Center Students
- Out of State Students
- SO66 Non-Resident Students
- SO66 Transported Students

ENRL Guidance

The list of recommendations, notes, and submission tips below apply to the ENRL record. In working with the KIDS Collection System, many circumstances apply only to the record you are submitting. How each data element is reported may differ for other submissions from the recommendations appearing below:

Updating Core Student Data

- KSDE recommends submitting ASGT records before submitting ENRL records to update core student data and to decrease processing time on ENRL uploads.
- If a student's ENRL record is submitted to KIDS by the Accountability School and the grade level and school year have not been previously updated in KIDS, then the accountability school will be required to update the student's core data and resolve any near matches before the record is accepted. Only the Accountability School can modify core student data for records that contain a State Student Identifier (SSID).
- If a student's ENRL record is submitted to KIDS by the Funding School and the grade level and school year have not been previously updated in KIDS, the Funding School will not be permitted to update the student's core data; however, the record will be accepted as long as the SSID matches a valid ID in the KIDS System.

Students without SSIDs:

- If a student's ENRL record is submitted to KIDS by the Accountability School or the Funding School, and an SSID is not included in the student record, the record will produce an error.
- An ASGT record must be submitted for the student to obtain the SSID. Once this SSID is obtained, it should then be added to the school's local student information system for subsequent KIDS submissions.

Removing Students from PBR/ SO66:

In order to remove a student submitted on an ENRL record from a PBR/SO66, a new ENRL record for that student must be submitted that includes the same Funding School as the original ENRL record and also has a value of '0' in the Minutes Enrolled field.

- Sending an EXIT record will not remove a student from the PBR/SO66 if he/she was previously submitted on an ENRL record with Minutes Enrolled greater than 17.

Students in Other Placements:

Juvenile Detention Centers and Psychiatric Residential Treatment Facilities: Any student attending a Juvenile Detention Center that is reported by your district will need to be submitted as part of the KIDS ENRL records in order to populate a screen on the Superintendent's Organizational Report (SO66) dedicated to these centers/facilities. Such centers/facilities should be submitted with:

- Accountability School as an accredited building in the district.
- Funding School of '0003.'
- Attendance School as the building number of the Juvenile Detention Center or Psychiatric Residential Treatment Facility where the student is attending.

Virtual Students Reporting:

- If a student is marked as a Virtual Education Student, then the Student's Transportation Street Address and Student's Transportation City fields must contain information for that virtual student.
- Students should only be marked as virtual education students if the submitter is the school or district providing the virtual education services or is the school or district contracting with an approved program to provide the virtual education services via a service center.

For additional information for students who should be counted as virtual education students, refer to the Guidelines for Reporting Virtual Education Students document posted on the 'Documents' tab of the KIDS website.

Concurrent High School Enrollment/ CTE Students:

A district that has a student attending any Kansas Board of Regents approved and funded CTE course at a technical college or community college will report a value of '1' in the Concurrent High School Enrollment field.

A district that has a student attending an accredited community college, State college, private college or postsecondary institution for dual credit courses not part of a CTE program will report '2', '3', or '4' in Concurrent High School Enrollment field.

Career and Technical Education Contact Minutes:

Report the number of minutes a student received instruction in a funding eligible, approved Pathway CTE course on September 20. Note: the time spent in any approved CTE courses through a post-secondary institution should not be counted toward the minutes reported in this field. The funding for CTE courses that are concurrent enrollment, as reported in the Concurrent High School Enrollment field will not be included in the funding calculations at KSDE.

Eligibility for National School Lunch Program:

An indication of the student's eligibility for free or reduced price lunch program. This eligibility is established through the Direct Certification process or the National School Lunch Program application. Approved Community Eligibility Provision (CEP) schools should NOT report 100% in this field. Rather, (CEP) schools should report only students that are **eligible** for free or reduced lunch based on a completed Household Economic Survey form for each student reported. Non-CEP schools do not need to change the way this data has been reported.

Miles Transported:

Report Miles Transported for all students transported at the district's expense. Schools and districts should report Miles Transported for their students, even if they are transported under 2.5 miles or transported from outside the district.

- If a student has 2.5 miles or greater reported in the Miles Transported field, then the Student's Transportation Street Address and Student's Transportation City must contain information for that transported student.
- A seat or an alternate mode of transportation must be provided for each student counted on the transportation list. This would apply to Miles Transported and Transportation FTE. Students do not have to actually ride the bus, but should they choose to do so, a seat must be made available.
- Students, enrolled in both a public school and private school, are counted for the same FTE on the bus transportation report as their enrollment is counted in the public school.
- Kindergarten students are counted as 1.0 FTE on the transportation list if transportation is provided to and from the attendance center at the district's expense, or if the district provides reimbursement to parents.
- Pupils transported one way by special education transportation on September 20 and one way on regular route transportation can be claimed on regular route transportation as a 0.5 FTE and can be claimed on the special education transportation Form 308 for the cost of the other half of the trip. However, the actual costs must be kept for the other half of the trip.
- Do not include transportation of students to and from a technical school or community college.

Non-resident Transportation:

The parent or legal guardian of any pupil who lives 2.5 or more miles from the attendance center where the pupil would attend in the resident school district may apply to the board of education of a receiving school district for authority for such pupil to be furnished or provided transportation to school from the pupil's residence and from school to the pupil's residence by the receiving school district.

Military Connected Student Indicator:

An indication that the student's parent or guardian is on Active Duty, in the National Guard, or in the Reserve components of the United States military services at the time of submission. This data are required for federal reporting.

General ENRL Reporting Practices

- Building Codes: For ENRL submissions, if '0001' or '0002' is entered as the Accountability School, then the Funding School must contain a valid School ID number or district central office of the submitting district.
- School Entry Date: School Entry Date should be the date the student entered the Funding School.
- September 20th Rule: A student must be enrolled and attending on September 20. If absent on September 20 then the student must have attended once before September 20 and once after September 20 but on or before October 4. If September 20 falls on a non-school day, use the first school day after September 20.
- Foreign exchange students cannot be included in the count for state-aid funding unless they will be enrolled for at least one semester or two quarters. If the foreign exchange student does not meet that requirement, please enter zero as the number of minutes the student is enrolled on September 20.
- In order to be counted, virtual students 18 and under must attend at least two days in order to be included in the district's virtual enrollment count. Students must attend a single day on or before September 19 AND a single day on or after September 20, but before October 4.
- Virtual students 19 and over (on September 20) will be funded on credits earned and do not have to meet attendance requirements.
- In order to be counted, alternative school and program (where attendance is not mandatory) students must be enrolled on September 20 and attend one day on or before September 20 and one day on or after September 20, but on or before October 4.
- If multiple schools erroneously submit ENRL records for the same student, each school will have that student listed on its PBR. Schools and districts can run the "Student in Multiple Schools Discrepancy" report to identify their students submitted by another school or district. Auditors are given a report of students that appear on multiple PBR's to determine which school should report the student for funding.

ENRL Scenarios: Best Practice and Recommendations

Scenario One:

A public school receives funding for providing special education services to a private school's student, both the public and the private schools send ENRL records. Both schools should show the public school building number in the Funding School field.

ENRL Record for Public School: (1111)	ENRL Record for Private School: (2222)
Accountability School: 2222 Funding School: 1111 Attendance School: 1111	Accountability School: 2222 Funding School: 1111 Attendance School: 2222

Scenario Two:

A brick and mortar building and virtual school or program in two different districts both provide education to a virtual student 18 and under, both submit ENRL records to KIDS.

- The amount of funding the virtual school receives depends on the number of minutes enrolled at each building.

ENRL Record for Brick and Mortar School: (1111)	ENRL Record for Virtual School: (2222)
Accountability School: 2222 Funding School: 1111 Attendance School: 1111 Minutes Enrolled: 60	Accountability School: 2222 Funding School: 2222 Attendance School: 2222 Minutes Enrolled: 360

Scenario Three:

When two brick and mortar buildings in different districts both provide education to a student, both submit ENRL records to KIDS. The Accountability School will depend on the core content courses the student is enrolled in at each building.

ENRL Record for Brick and Mortar School: (1111) (3 core content courses)	ENRL Record for Brick and Mortar School: (2222) (1 core content course)
Accountability School: 1111 Funding School: 1111 Attendance School: 1111 Minutes Enrolled: 300	Accountability School: 1111 Funding School: 2222 Attendance School: 2222 Minutes Enrolled: 60

Scenario Four:

When a brick and mortar building and virtual program in the same district both provide education to a student 18 and under and they both use the same building number, both submit ENRL records to KIDS. The virtual program must submit the ENRL record with the district office as the Funding School and indicate student is virtual in field D17. The amount of funding the virtual program receives depends on the number of minutes enrolled at each.

ENRL Record for Brick and Mortar School: (1111)	ENRL Record for Virtual Program: (1111)
Accountability School: 1111 Funding School: 1111 Attendance School: 1111 Minutes Enrolled: 300	Accountability School: 1111 Funding School: 2222 (district office) Attendance School: 1111 Minutes Enrolled: 60

Documents

Consult the following documents for additional information specific to the Enrollment and Funding Collection when preparing your ENRL submissions. Unless specified otherwise below, the most recent version of all documents are located on the [KIDS Project Documents](#) website.
